

Shot Heard 'Round the Multiverse - SOLUTION

Throughout your journey you've come up with a number of theories for Boston's past, and it turns out: they're all correct?! That can't be right. There must be a true answer... otherwise, why would we be arguing about it? There must have been a timeline-altering event that caused this whole mess. We must fix it!

Returning to the evidence collected at each of the landmarks, use the lessons learned from each theory to help merge the timelines back together. Maybe if we come up with a final theory for how everything split, we can learn what landmark to turn to to fix this tear in reality!
